

Wednesday 15/2/17

Dear families,

Welcome to our class. All the children have settled well into the class and are busy learning about new classroom routines and expectations. We are looking forward to a rewarding and successful year.

This term the children will be learning about:

- School/class routines
- Social skills/friends
- Me/family
- Relationships

In mathematics we will work on number skills, data representation, sorting and patterning.

Our library day is on Wednesday. Children are able to borrow a book to bring home to read. They need to return their library book before they can borrow another one.

Reading Folder

Please read and talk about the book with your child and help your child to practise their sight words.

Bananas and nuts must be eaten in classrooms due to allergies.

Please send a bottle of water as it is important your child drinks water throughout the day.

During term 1 and 4 we have the hot weather policy and students are required to wear their hats outside.

Kind Regards,

Mariantha Rizopoulos
