

Welcome to Term 2!

Dear Families,

Welcome everyone. We hope you have had a relaxing break. It's great to see our students excited to start term 2.

This term the children will be learning about:

- **Literacy:** Procedure writing – How to do something
- **Numeracy:** Number and Algebra, Measurement and Geometry
- **Theme:** Transport
- **Science:** Chemical Science with Mrs. Lakra
- **Physical Education** with Ms. Mig
- **Health:** Hygiene and Road Safety with Mrs. Lakra
- **Child Protection:** The Right to be Safe

Some special events that will be happening in term 2 will include:

- Reconciliation Week
- Refugee Week
- Excursion to the Road Safety Centre (more information about this will be sent home shortly)

Please note a few reminders for this term:

- **Homework:** Your child will bring home their reading folder each night for homework. Please practise their sight words with them every night.
- **Reading books** will be changed each Monday and Thursday. Please help them read and discuss their book with them. Ask your child
 - Who was in the story?
 - Tell me what happened from the beginning?
 - What is the book mainly about?
- Our **library day** is on Wednesday. The children will need to return and borrow their library books on this day.
- It is great to see the children bringing healthy food for recess and lunch, as we encourage healthy eating in our class.
- We like to celebrate birthdays in the classroom, but due to severe allergies please do not send a birthday cake or food to school. We are happy to celebrate in other ways with party hats or balloons.
- For children to focus and keep them healthy and happy, it is important that they have 10 – 12 hours of sleep every night.

Kind regards,

Mariantha Rizopoulos
