

Dear Families,

Often in schools we will have sessions to teach our students about our Emergency Services, including SA Ambulance.

We were lucky enough to have the Ambulance service visit two of our classes last week, however, these visits are now suspended due to COVID-19.

SA Ambulance Service has produced a 5 minute educational film that you can watch with your children aged between 4 and 11 years old.

Here is the link [Ambulance education](#)

Stay safe 😊
