

Dear Families,

Welcome back to 2021 at Ingle Farm Primary School. It's great to see how well students have settled in to their new routines.

I'd like to share some information with you on cyber safety as we near Safer Internet Day on the 9<sup>th</sup> of February.

The eSafety Commissioner website has an information section that can be found here [eSafety for families](#)

There is information on the big issues, skills and advice and a section for families with children under 5.

The eSafety guide is a great place to start!

**The eSafety guide**

Want to know more about the latest apps and games your child is using?

Then visit our eSafety guide. It includes social media, apps and games with helpful information on online safety and links to report abusive content.

**FIND OUT MORE →**

The banner features an illustration of a person in a teal shirt and dark pants walking and looking at a smartphone. A speech bubble icon is next to them. The background is a light orange and yellow gradient.

At Ingle Farm we treat cyberbullying seriously and enact our behaviour code accordingly. The app guide will give more information about social media – remember the legal age for many apps is 13.

If you require any further information feel free to contact me 😊

Mel Lucas ~ Student Wellbeing Coordinator
